

# The Breeze of Park Point

### **Park Point Garden Club Thursday, December 21st**

**Christmas Party 6:00 p.m.  
Contact: Liz Mackay  
722-1834**

### **Lafayette Edible Garden Sunday, December 17th, 5:00 p.m. holiday party potluck dinner & meeting**

### **Park Point Community Club Meeting No meeting in December Tuesday, January 16th, Annual Membership Drive & Pizza Party**

## **Free Listings for Park Point Snow Services**

For the winter issues of the Breeze, we are planning **free** listings for Park Point neighbors who offer snow removal services.

If you are a service provider, please send your name, rates and contact information to: [ppbreezeditor@gmail.com](mailto:ppbreezeditor@gmail.com)

**Submissions due by 12/27/17.**

### **Park Point Community Club 2018 Membership Drive**

It is that time of year again, and like MPR and PBS we count on our members to keep the Park Point Community Club going. The many benefits of supporting the Club include:

- \* an organization that can deal with issues that affect Park Point and you
- \* staying abreast of Club activities, including local National Night Out events, barbecues and parties
- \* having a vote on the officers and issues
- \* volunteer opportunities, including the Art Fair, Rummage Sale, Skating Rink, Duluth Rowing Club, and many more
- \* feeling part of a community, something most neighborhoods today sorely lack
- \* working with and/or having your kids participate in the Summer Youth Program
- \* helping to pay for our community newspaper, *The Breeze*, delivered to your door every month.

This year, we resemble MPR and PBS in yet another way, in that we are using the Membership Drive as a fundraiser, small though ours is. Publishing and distributing the Breeze has become a serious financial drain on our bank account and we've taken measures to cut expenses by \$2,400 per year. Additionally, we've voted recently to raise dues to a whopping \$10 a year per person, and hope to add many more members, as well.

And that's all good...but not enough. Here are some statistics that help lay out the rest of the problem. On the Point, we have 425 single family homes, 155 apartments, and a total of 30 condo and duplex units. Total residents number just under 1,500. Of those, we list only 247 Club members, despite the fact that the *Breeze* is delivered to each household, every month. This is where it gets interesting: to serve members only, we'd only have to deliver to 166 addresses. Theoretically, we could cut our printing costs to 166 or 200 copies and save another estimated \$2,400. But instead, we print and deliver 750 copies, with the belief that it's a better, stronger community if everyone is tied together through the neighborhood paper. So, the plea this year is for everyone who gets a *Breeze* to please sign up and become a PPCC member.

It's only \$10 per person, and that's for the whole year. It's easy too. Just fill out the form at the bottom of this page and send it along with your check to the address on the form. There is also an online edition sent via email; if you'd prefer to receive it that way, that saves additional money.

And that's not all. As a bonus, there is a free pizza party for new members scheduled for January 16th, 6:30 at the Community Club. Come and meet your neighbors. See you there!

Submitted by Thomas Griggs, PPCC Vice President

## Letter from the PPCC President

Hi Neighbors,

Samuel Clark Dick, the man behind the Park Point Community Club's drive to convert the transfer bridge into the lift bridge. (Image: Zenith City Press)

At the October PPCC meeting I heard the city engineer say that the Aerial Bridge needs ten million dollars worth of work-wow. I recall hearing that the Park Point Community Club paid for part of the conversion from the transfer bridge to the lift bridge. Is this really true? Yes! "Park Point resident Samuel Clark Dick spoke on behalf of the club, arguing the necessity of a new bridge, which the club believed could be built with minimal disruption at a reasonable cost. The group (PPCC) estimated the cost at \$550,000 and the Park Pointers, in a gesture of civic unselfishness, offered to pay one third of the cost—\$180,000—through special assessments on their properties. As proof of its sincerity, the group provided a petition signed by 235 Park Point property owners representing 39 percent of the owners and 49 percent of the taxed property on the Point." The Zenith City Press tells of the politics, outrage and final outcome that resulted in the conversion plan that was chosen. The contract for the conversion was awarded to the lowest bidder, Kansas City Bridge Company, for \$449,600.00 and the construction began in the spring of 1929. For the very interesting details, visit: <http://zenithcity.com/archive/parks-landmarks/the-battle-to-convert-the-aerial-bridge/>

Engineer P. C. Bullard of the Corps of Engineers had several concerns about the final design and his ney say would be a showstopper. One concern he noted was the need for "two comfort stations," built at either end of the bridge—bathrooms for those waiting for the bridge and for spectators watching it lift. The other two items were safety related - more redundancy in the cabling system and a fireproof roadway. Without a fireproof roadway, a navigational danger was possible. I am wondering what happened to our "comfort stations?"

With the holidays comes the annual "Gratitude Assembly" at the high school where I work. It's a very interesting opportunity to see teenagers volunteer to stand up and share their feelings of gratitude with the entire school. Hearing the kids sharing their feelings is powerful and insightful and I am filled with gratitude for each of them. I am hoping that your holidays offer you the opportunity to listen and reflect on what is important in your life.

The January PPCC meeting on January 16th is the Annual Membership Drive Pizza Party. Wondering if you might come out and join the party? 6:30pm at Lafayette. One of the gratitude items on my long list is the opportunity to have learned so much from the many Park Pointers over the past few years volunteering with the Community Club. As city councilors say, Park Pointers are "engaged." (In a complimentary sort of way:) Getting involved with and getting to know our neighbors makes us better people and our community a better place - my ten cents on why you might consider joining the PPCC. I started a list of specific examples of neighbors' endeavors and contributions and will share them in my future Breeze ramblings, it's a long list. Many Park Pointers do things; it's amazing.

With gratitude for our extraordinary lives on Park Point,  
Dawn & Klaus, canine companion

## PPCC Meeting Notes November 2017

The Tuesday, November 21st Park Point Community Club Meeting was called to order at 7:00 p.m. by Tom Griggs (PPCC Vice President), with Tom Rauschenfels serving as Acting Secretary

**Minutes from October** - A correction was made to the minutes that Natalija Walbridge was not at the last general membership meeting, but only at the Executive Board Meeting to give her update. Otherwise, minutes approved without dissent.

Regular meeting agenda suspended to accommodate a **City of Duluth Planning Department** presentation on the Canal Park Study - discussion by Keith Hamre and Kate Van Daele. Questions were put forth by PPCC members, mostly to do with traffic flow problems and how to solve them.

**Sky Harbor Airport Project Update** - Bernita Crow reported that they are close to being done with Phase I, which should be completed by December. This is approximately 2-3 weeks ahead of schedule.

**Officer Nate Smith** from the City of Duluth Police Department gave an update, basically explaining "calls for service" on Park Point. They were mostly for checking on people's whereabouts, as well as some domestic issues. He pointed out that the Point has some of the fewest police calls of any part of the city.

### COMMITTEE REPORTS

**Art Fair** - Carla Tamburro

Second reading on budget support request from Park Point Art Fair Committee. Passed without dissent.

**Breeze** - Natalija Wahlbridge.  
Nothing new reported.

**Environmental Committee** - Dick Gould  
Dick brought up the issue of water being pumped into street because of high water in Bay/Lake and then freezing. The City needs to take on the issue, he feels; possibly allowing the pumping of water back into home sewer systems.

**Hospitality Committee** - Diane Gould  
Many thanks for the great cookie treats.

**Program Committee** - Dave Poulin  
Nothing planned at this time for the January meeting, other than the annual Membership Drive and pizza party. There was some discussion about having a December meeting; consensus was that PPCC historically has not held a December meeting.

**Rummage Sale** - Dave Lavamaki  
Nothing new reported.

**Neighborhood Watch** - All that were present  
Nothing new reported.

**Summer Youth Program** - Sally Buck  
Sally was not present, but Al Robins reported that as far as he knows, 2018 will be keeping the same two coordinators.

**Sunshine Committee** - Pam Griggs  
One sympathy card, three get well cards sent.

### OLD BUSINESS

Gary Glass discussed having a "**A Duty to Warn**" posting on the PPCC website as to beach warnings, in an effort to at least try to prevent drownings.  
Lynn Bentfield mentioned that the USCG Auxiliary has 30-35 **life jackets available for free public use** down at the Recreation Area Beach House.

### NEW BUSINESS

Lynn Bentfield presented some **housing figures**, based on local real estate statistics: Park Point population - 2,354; houses sold so far in 2017 - 13; Home Prices - \$105k - \$630k; Total number of homes on Park Point - 425, including 20 condominiums, 151 apartments and 20 Vacation Rentals By Owner.

Meeting adjourned 8:45 p.m.

Submitted by Tom Rauschenfels, Acting Secretary

## Sign Language for Hard-of-Hearing Couples & Friends

*Presbycusis*, literally translated as "old age hearing loss," affects many of us after a certain age. Among its most serious limitations can be deteriorating communication between live-in partners. Many couples find themselves impatient in ways they never felt before - often irritated, when repetition is so often necessary - and the partner experiencing the hearing loss becomes increasingly isolated. I have long been interested in teaching a course focused on effective communication between couples when conversation is challenged, on augmenting spoken communication with basic signing. I'm considering offering it as a part of Duluth's Community Education program, but would like to try out the class first on some of my fellow Park Pointers, at no cost.

The instructor holds a degree in Linguistics and formerly made her living as an interpreter between Deaf and Hearing people. She was trained in the Twin Cities as a Health Care Interpreter and has also logged many hours over a lifetime teaching English, French, ESL, aquaculture, swimming (of course!) and How to Drive a 12-ton Bus. If interested, please contact: [nellepalnuda@yahoo.com](mailto:nellepalnuda@yahoo.com) or drop at note in her mailbox at 2908 Minnesota and we'll figure out a late-winter schedule. An 8-week course is anticipated.

[Please do not phone.]

## Lafayette Rentals

Lafayette is a great place to hold weddings, reunions, parties, meetings, workshops, etc...

Rental fees are as follows:  
up to 50 people - \$100.00  
50-100 people - \$200.00  
100-125 people - \$300.00

*There is a damage deposit of \$100.00, which is refundable, after cleaning & inspection.*

Hours available are 8:00 a.m. - 10:00 p.m.

Contact: Missy LePage at  
218-208-9545 or by e-mail at  
[ppccdhl@gmail.com](mailto:ppccdhl@gmail.com)

Pointers are hosting many of the 6.7 million annual visitors to Duluth.

The hotels and motels are full. The roads are crowded. The beaches are over run with fun seekers. Canal Park is always crowded and usually traffic is bumper-to-bumper when the bridge is down; gridlocked when the bridge is up!

So what are we doing to help alleviate the problem of too many, too soon, too few amenities, and too few directions as to where to go to experience the greatest miracle of all: pristine waters of Lake Superior.

We need a plan to help alleviate this problem and the resources to implement it. MPPS Directors have drafted a list of needs to begin the planning process and need your comments and support to move toward taking action. See the Memo dated April 18, 2017: List of Proposed Projects for Review and Constructive Comments, posted on the PPCC web site. [http://parkpointcommunityclub.org/?attachment\\_id=2505](http://parkpointcommunityclub.org/?attachment_id=2505)

New thrill seekers are coming to Duluth in even greater numbers. Snow-Cross is only the beginning, see Jets-skiers in action on the rough waters of Lake Superior:

## Duluth Rowing Club News

Season's Greetings and Happy Holidays to all of our Park Point Neighbors from the Duluth Rowing Club and Duluth Rowing Center! As most Pointers know, it has been quite the year of change in the 3900 block of Minnesota Avenue. Phase I, the building of the Joseph M. Krmpotich Boathouse, was finished in 2016. Phase II was the taking down of the "old" boathouse and removal of all the pilings, finished in Spring, 2017. And finally, Phase III, the building of the new Clubhouse, is almost complete.

With the finishing of the Clubhouse's plumbing, electrical, mens' & womens' lockers, showers, and bathrooms just this past week, all that is left of the project is final landscaping. As mandated by the City of Duluth, that includes: trees, pervious surface parking spots, blacktop, and ADA-compliant access along the entire waterfront.

As of November 1st, the fund raising is now at 89% of the one million dollar goal. The DRC has been the most fortunate recipient of 180 total donors: 12 gifts of \$10,000 or more; 48 gifts of \$1,000 or more; and about \$10,000 in outstanding pledges! Many of those gifts are from present, past, and (maybe) future Park Pointers. If anyone is still interested in giving to the project, those whose gifts total \$1,000 or more will be recognized on a wall honoring them.

With the cold weather and occasional ice along the shoreline, the rowing season has finally come to a close. The last DRC appearances at regattas was on the East Coast, in both Boston and Philadelphia at the end of October. Greg Peterson and Tom Rauschenfels rowed a double in the 3 mile Head of the Charles Regatta to a seventh place finish. The next weekend found Greg and Tom rowing to a 7th place finish and Tom Griggs and Arvid Brekke finishing 12th at the Head of the Schuylkill Regatta in doubles. The next day, the three Pointers and Arvid teamed up to a 4th place finish in the quad, just missing a bronze medal by 2 seconds. The wonderful hospitality of the Penn AC Rowing Club was shown to the four oarsmen courtesy of former Duluth Rowing Club member and Olympic silver medalist Dave Krmpotich.

The DRC hopes this column finds everyone able to enjoy the upcoming new months of a new year. If interested in rowing, whether recreational, competitive, or learn-to-row, please check [www.duluthrowing.org](http://www.duluthrowing.org) for updates and schedules for the 2018 year. Also, should you see activity at the DRC Rowing Center, feel free to stop by and see what this great community has allowed to happen.

Submitted by Tom Rauschenfels

## News from the Lafayette Community Edible Garden

December is a time for shout-outs. A big shout-out to all the working members of the Lafayette Community Edible Garden for their hard work tending the garden at Lafayette Square, welcoming the community into the verdant garden and teaching Park Point children about gardening. A thankful shout-out to Dr. Njoki Kamau, an associate professor at UMD, who grew up on a small-scale farm in Kenya. She shared her knowledge of sustainability with us at our November 19th monthly meeting and potluck dinner. Her philosophy includes mindful eating, the process that includes all of our senses and encourages holistic nourishment of our bodies and souls. She also contends that eating locally-produced food, rather than corporate food, is an act of resistance. And lastly, a gigantic shout-out to the man of the season: Santa, who we hope will make an appearance at our December 17th potluck dinner and holiday party. Watch for details in early December. All Park Pointers are invited. For more information, contact Coral 727-6455.

### **STILL WANTED: Your Leaves**

If you are still trying to clear out your autumnal leaf mess, please fill bags with your chemical-free leaves and deposit them inside the community garden fence at Lafayette Square. We will put them to good use making compost for our 2018 growing season.

### **Upcoming Events:**

Sunday, December 17th, 5 p.m. - holiday party potluck dinner and meeting.

Sunday, January 21st, 5 p.m. - monthly potluck dinner and meeting.

Sunday, February 18th, 5 p.m. - monthly potluck dinner and meeting.

## A Look Back on Park Point's History

Since Natalija and I decided together to include this feature in the Breeze, I've received many comments and questions regarding the origins of the material. "Where'd they get all that?" I'm often asked. The question can be answered by consulting The Minnesota Point Time Line, one portion of The Environmental Management Plan, still available at the Duluth Public Library. Listed in its appendices are no fewer than twenty-three separate sources. As you might imagine, consulting and reviewing those entries - as well as the much larger project accomplished by the Park Point Long-Range Planning Committee - took tremendous effort on the part of many people. Securing funding, alone, was a Herculean task. In this traditional season of gift-giving, we ask that you honor this list of participants... and thank those you recognize when you see them. And just for fun: Below also is a list of the original Park Pt. cross-street names prior to 1912. Happy Holidays to all, and a heartfelt "thank you" to those of you who accomplished such extraordinary work nearly two decades ago.

Respectfully submitted by Ellen Dunlap

St. Charles = 38th

39th - (none) Oatka Beach began here; 39th Street has borne no other name I have found in the record. "The Oatka addition" of lots came later, at which time 40th St. was listed as Interlochen, 41st St. as Warwick, and 42nd St. as Pelenger. In February, 1912, a City Ordinance was passed formally changing all named streets to the numbers we know today. Later in the year, St. Croix Ave. - that wayside locally infamous in the 1890's and beyond for its copious taverns and "houses of ill repute" - was renamed S. First Ave., E. It marked the northeastern edge of what was still, in pre-canal days, considered the upper end of Park Point. We know it today as Canal Park Dr. Minnesota, Lake and St. Louis Avenues have all retained their originally platted names, as have Buchanan and Morse Streets.

### **THE PARK POINT ART FAIR IS CALLING ON ARTISTS FOR JUNE 23 & 24, 2018**

Minnesota Point from the hill above Duluth in 1875

Inviting visual artists working in the following media: printmaking, painting, sculpture, ceramics, glass, wood, photography, jewelry and fiber to apply for the 2018 Park Point Art Fair. In its 47th year the art fair is well established, well organized and well liked by regional artists for its ease of set-up, hospitality and consistent sales. Each year The Park Point Art Fair draws over 10,000 visitors to Park Point, a beautiful natural setting tucked between Lake Superior and the St Louis Bay, where they can buy art from our region's finest artists.

Applications are being accepted from  
December 1, 2017 - March 1, 2018,  
go to the link below to apply.
