Discussion and action on unfinished business

- Updates: Waiting on Parks and Rec to reply to concerns re. Illegal fireworks at Lafayette- smoldering remnants on cars and roof tops, 7/4, Councilor Randorf in touch with Jim Filby-Williams re concerns and how to prevent at future rentals at the park. City is responsible for their tenants!
Neighbor across the street from Lafayette took videos and pictures of the fireworks and debris in their yard, on top of the car and landing on the garage roof.
police report is # 22093370
- Concerns about fire and EMS when bridge is up or shelter in place ordered, island isolation regarding quick access for emergencies, and possible remedies. Councilor Randorf in touch with Dennis Hoelscher and talking with Fire Chief Shawn Krizaj to address neighbors' concerns. We have asked about how the decision is made to have a rig stationed on Park Point- the process and how we might request and who has the authority to make a decision and implement ?

Discussion and action on new business

- National Night Out @ SABTL, Tuesday, August 2, 5-7pm- everyone invited! Free food, beverages and fun music!

Adjournment

Hi Dawn,

Have you had other comments/complaints about the discolored water? We live at 4136 and our neighbors immediately west of us told me 24 hours ago about her yellow water but I hadn't had any at that point. In fact I didn't until I did a load of white laundry, including a cotton white bedspread at around 4pm today, not thinking I shouldn't be doing that! My laundry is all stained and when I talked with my neighbor she said she had talked with someone from the city this morning and they said it's from house construction and the water is safe to drink. They recommended her to run the tapwater for 10 minutes wait 10 minutes and run it again for 10 more minutes. She did that and she reported that it's just a little lighter in color and she is not drinking the water. (I asked her all of this after my laundry problem.). So I did the same thing with little results. I've also asked a friend who lives in the 3800 block, and it's the same for them as well. I am very upset with my stained bedspread and laundry, as well as not having water to drink without going into town to get some and incurring a large water bill which I don't believe any of us should have to pay. I am wondering if you would want to send an email asking how many people are affected by this and also wondering what your advice would be, addressing this with the city? Of course it's Friday...

Thank you,

Five Miler: Special thanks to VP Tom Griggs for helping with tables and water at Lafayette for the race!

Hi Dawn,

I just wanted to say thank you to you and the Community Club for all of your support for yesterday's Park Point 5-Miler. We had a great evening and event, and I've heard from multiple runners how great the cheering and support along the course was! Residents seemed very receptive (and I hope, also felt knowledgeable) of the event, and helped us provide a great experience for 600 participants.

Truly appreciate you welcoming us each year.

I'd love to attend a meeting to say thanks for the club as a whole, and receive any feedback, but I unfortunately have another meeting next Tuesday. When will your August meeting be, and would that be helpful?

Thanks!

Greg

7/7, 2700 block MN Ave.

Hello Dawn,

I wanted to let you know that my fat tire bike and purse was stolen out of my truck last night between 5:30pm - 8:30pm.

I didn't see who did it but they went on a huge shopping spree with my credit and debit cards. I did call the police and filed a report.

Just wanted to let you and the Park Point community to be aware of their stuff.

7/16 re parking in the recreation lane, Neighbor at 14th, Heidi H.

Hello!

I'm emailing about the electronic sign in the bay side as you drive on the park point - that talks about beach fires.

I'm wondering if the message could be varied to also include no parking on the lake side and that the lakeside is a bike & ped lane?

I live on the lake side (around 14th) - and honestly, fires rarely seem to be an issue- but boy, parking on the lakeside sure is!!

Thanks for considering this!

Contractor Shawn was vacuuming floors today, 7/18 to get ready to apply the finish in upper Lafayette.
